

Ryanne Moroschan

New Baltimore, MI

I've been swimming in the Great Lakes as long as I can remember, and was lucky to have an active grandpa to teach us kids water sports and safety on Lake Huron, and I'm so fortunate that I have the opportunity to help my grandkids foster a love and respect for the water in many ways, from pool swims to fun at our Lake Huron beach. I hope they look back on the memories of helping Grandma prepare for the Edmund Fitzgerald Memorial Swim, and maybe they'll want to try something epic too!
